

Class Information Sheet

PE

Your child will have PE every **Wednesday**.

They do not need a PE kit. Please make sure your child has sensible footwear on this day and any jewellery is removed.

Reading

Please read together daily. Your child will be given the opportunity to change their books on a weekly basis. Currently, due Covid-19 safety measures books will be collected on a **Thursday** to be changed and a new one given on a **Monday**.

Please encourage your child to visit the local library.

Water bottles

Please provide your child with a named water bottle. This is to be taken home daily and refilled.

Homework

The children will have spellings that will be sent out weekly from your child's phonics group.

Your child will also receive a weekly maths piece of work on a **Friday** to be brought back in the following **Thursday** to mark. Topic related homework will be given out when necessary.

Your child will also have access to apps 'Spelling Shed', 'Purple Mash' and 'Timetable Rockstar'. More information on this to follow.

Class Dojo

Please ensure you have activated your Class Dojo account to keep up to date with news and information about your child and their class.

Any other questions please contact the school or your child's class teacher through the Class Dojo.

Class Information Sheet

Year 3

Autumn Term

At the beginning of this term our focus will be to ensure that the children undertake the catch up programmes we have planned to cover learning missed. We will also be putting more time aside for PSHCE lessons to give us the opportunity to build our class community and to support the children in settling back into school and a routine.

This Term our topic is called 'How was the Hull fishing industry great?' This is a History based topic. The children will be learning about Hull's fishing industry and how it has changed throughout history. We will be studying the legacy of Lillian Bilocca and her impact on the fishing industry.

Our Science topic this term is 'Forces and Rocks.' During this topic the children will learn about different types of rocks and their properties. We will also be exploring forces on different surfaces.

Topic Home Support Sheet– ‘How was the Hull industry was great?’

Key Vocabulary

chronology	The science which deals with measuring time and dating events
event	A thing that happens or takes place, especially one of importance
evidence	Information or facts that show that something is true
investigate	To try to find out the facts about something to learn more about how it happened
campaigner	A person who works in an organised and active way towards a goal
past	The time before the present moment
source	Information from documents like books, paintings, letters and diary writing

Sticky Knowledge

- ⇒ Hull is located in the north east of England and has the river Hull and Humber running through it.
- ⇒ Hull has been fishing since 1160 when the king granted the monks who lived in the town (called Wyke-upon-Hull back then) a special charter to fish in the Humber estuary or just outside in the open sea.
- ⇒ Kingston upon Hull was for more than 150 years a major renowned fishing port and in the 1950s through to the mid 1970s St. Andrews Dock was recognized as the home of the world's largest distant water fleet of deep sea trawlers.
- ⇒ Life on a trawler was hard. Many fishermen were lost at sea, fishing being perhaps the most dangerous occupation.
- ⇒ Lillian Bilocca was a British fisheries worker who campaigned for improved safety in the fishing industry.

The Triple Trawler Disaster

The Hull triple trawler tragedy was the sinking of three trawlers from the British fishing port of Kingston upon Hull during January and February 1968. A total of 58 crew members died, with just one survi-
