

Year 6 Remote Learning Timetable

WC 11.1.21

Hello Y6 Remote Learners!

During this school closure we are moving to a new way of remote learning. This means that most tasks you complete at home from the timetable will be completed and documented in your books. Therefore, it is really important that you come to collect your books on **Monday 11th January at 10:30am**, from the school pitch. You will be collecting your exercise books, our class text and a resource pack.

Expectations and standards must be kept to a very high priority. We have glued a sheet in your Literacy, Maths and Reading books to remind you of our Y6 expectations. We would like you to start your work after this page in your books. The timetable states which lessons we would like you to complete in your books. If it does not say to do it in your book, please do it online or on paper and send your work as you have been doing previously. All work MUST be completed and should reflect your best efforts. When you complete a piece of work in your book, you must take a clear photo of it and post onto to your Class Dojo portfolio. A tutorial of how to do this can be found here: [Click here](#)

Your teacher will then mark the photo of the work that you have sent. It is important to note that not all work will be marked in depth. Some will receive a written response and feedback. Other work is still looked at and acknowledged with a symbol. In these instances, the teacher is still assessing your understanding and using the information to plan future lessons. Teachers will be working from school as well as remotely so you may find that your teacher cannot respond instantly to any messages you send over ClassDojo or give you feedback on uploads to your portfolio straight away. Your teacher will endeavour to respond as soon as they can.

Live lessons are highlighted in **blue**; please click on the link to find the Zoom invitation. All live lessons will be recorded and shared on Class Dojo in case you miss them. However, it is important to note that your child will get more out of the lessons by attending the live lessons. Please click on the **yellow links** to access the tasks for that day.

A daily register will be taken by your teacher which will indicate which children are actively working at home.

As always, please message us with any concerns and we will be happy to help!

Take care everyone,

The Year 6 Team
