Year 3

Spring Term
2024

Class Information Sheet

PE

Our Pe units this term are handball and gymnastics.

3B—Thursday (gymnastics) and Friday (handball)

3D—Monday (gymnastics) and Thursday (handball)

3BC—Tuesday (gymnastics) and Friday (handball)

Homework

Homework will be set on a Friday and is to be returned before the following Friday.

Reading

Please make sure your child brings their reading book to school everyday to ensure a school adult can listen to them and change their book when needed.

Children will also be bringing home a reading for pleasure book every week.

Water bottles

Please ensure your child has a named water bottle in school every day.

9th February

School reopens 20th February

Parents evenings

Monday 11th March

Wednesday 13th March

Dates for the diary

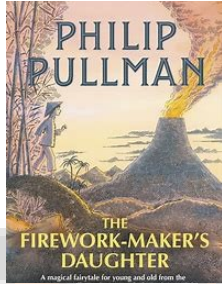

Grimsby Fishing Heritage Centre—
Thursday 14th March and Friday
15th March.

Performance— tbc

Curriculum Overview— Year 3 Spring 2024

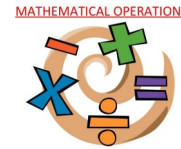

Literacy

This term we will be using 'The Firework Maker's Daughter' to support our learning. We will develop our comprehension skills and write our own adventure story. Later in the term, we will write our own explanation and instructional texts.

Maths

As mathematicians we will be exploring money and decimals. Also, we will develop our understanding of the 4 operations and solve problems related to these. We will deepen our place value knowledge.

Science

As scientists we will learn about rocks and soil. We will identify different types of rocks, learn how they are formed and look at the fossilisation process. We will use our investigation skills to test the properties of different rocks and soils.

Geography

As a geographer we will learn about rivers and mountains. We will begin with exploring the water cycle and then move on to look at major rivers and mountains in the UK. We will study flooding and the impact this can have.

History

As a historian we will be taking a closer look into the Trawling Industry in Hull and the impact the Triple Trawler disaster had on the community in our area.

Art

As artists we will look at how the artist Edward Lear used different mediums. We will then apply those mediums to our own art work.

D&T

In design technology lessons, we will be building a castle using our knowledge of 2D and 3D shapes.

Computing

In computing we will be reading and writing our own code using the Scratch programme and then learning how to use and create databases. We will also be learning how to stay safe online.

RE

In RE we will be looking at the founders of various faiths and looking at what their teachings have done to shape their religion.

Music

As musicians we will continue learning to play the recorder in our weekly sessions. We will also be preparing for our performance — watch this space!

PSHCE

This term's themes are healthy me and relationships. We will explore the best ways to stay healthy and safe and discuss the meaning of various relationships within our community.

PE

As athletes we will learn and practice skills needed to play handball. We will also become gymnasts each week.
